The reasons we may not accept teacher trainee applicant for the 2018-2019 school year:

- We may not have a class that fits your current age.
- We may already have the amount of Teacher Trainees that are needed.
- We may not think that you are spiritually at a place to be leading others and would like to help you get to this place.
- Your current Ballet Instructor at TJOD does not think that you are ready as a dancer.
- Your parents do not give their consent.

Parent Consent Form (if under 18):

Do you give your permission and commitment to bringing your daughter each week to and from the class she is training in for the 2018-2019 school year? _____

Signature: _____

Date: _____

1. Does your daughter overall conduct herself in a manner at home that you would say she is ready for this kind of leadership, responsibility and training? How does she do this? *Please expand on this more than just a Yes/No answer.* _____

It is our desire through this Training, to come alongside your daughter and encourage/disciple her in her spiritual growth and her relationship with Jesus Christ. Thus, it is vital for you to keep the Teacher that your daughter is training under, informed on how she is honoring her Father and Mother in her home life. It is our desire here at TJOD to come alongside of you as her parents to encourage her in this area.

2. Why do you want your daughter to be a Teacher Trainee at The Joy of Dance?

The Joy of Dance expects from each Teacher Trainee the following before entering the classroom.

- A desire to be a learner. You must be a HELP in the classroom (the instructor you are assisting reserves the right to talk to you about anything that she thinks needs to be addressed during the year with your performance level in class).
- An attitude of humility, love, kindness, gentleness, joy and patience must be put on before entering classroom.
- Must be in the Word of God Daily. When you are in ministry/teaching you are pouring out, so you must be filled with God's Word and His Spirit.
- You will be held accountable for being in the Word by the Instructor that you are assisting. This will be done via email.
- Honoring your Father and your Mother at home.

TEACHER TRAINEE APPLICATION FORM 2019/2020

- Dance attire you wear in your own ballet class must be worn: hair in a bun, black leotard, tights, slippers, solid color sweaters, t-shirts without writing and non-bright colors are acceptable (bright colors are a distraction), black stretch shorts or capris are required. You will not be able to assist that day if dressed otherwise.
- Most of the time you are not to verbally assist, but rather helping silently (doing physical correcting to students in the class). This is so the students are not confused with who is in authority. By watching the Instructor you are assisting, you will learn what physical corrections are to be made. You are there to assist.
- During center work, you are either in front demonstrating during exercise or circulating and giving silent physical corrections.
- During barre work, you are walking around silently giving physical correction (fixing hip placement, arm, feet, etc).
- It is NEVER your job to implement discipline. This is the job of the Instructor.
- How you treat fellow dancers and conduct yourself in your ballet class will be taken into consideration.
- You MUST arrive 5 min. early to the class that you are assisting in.
- Please call the Instructor you are assisting if you will be absent that day.
